Purpose: Uno V.14

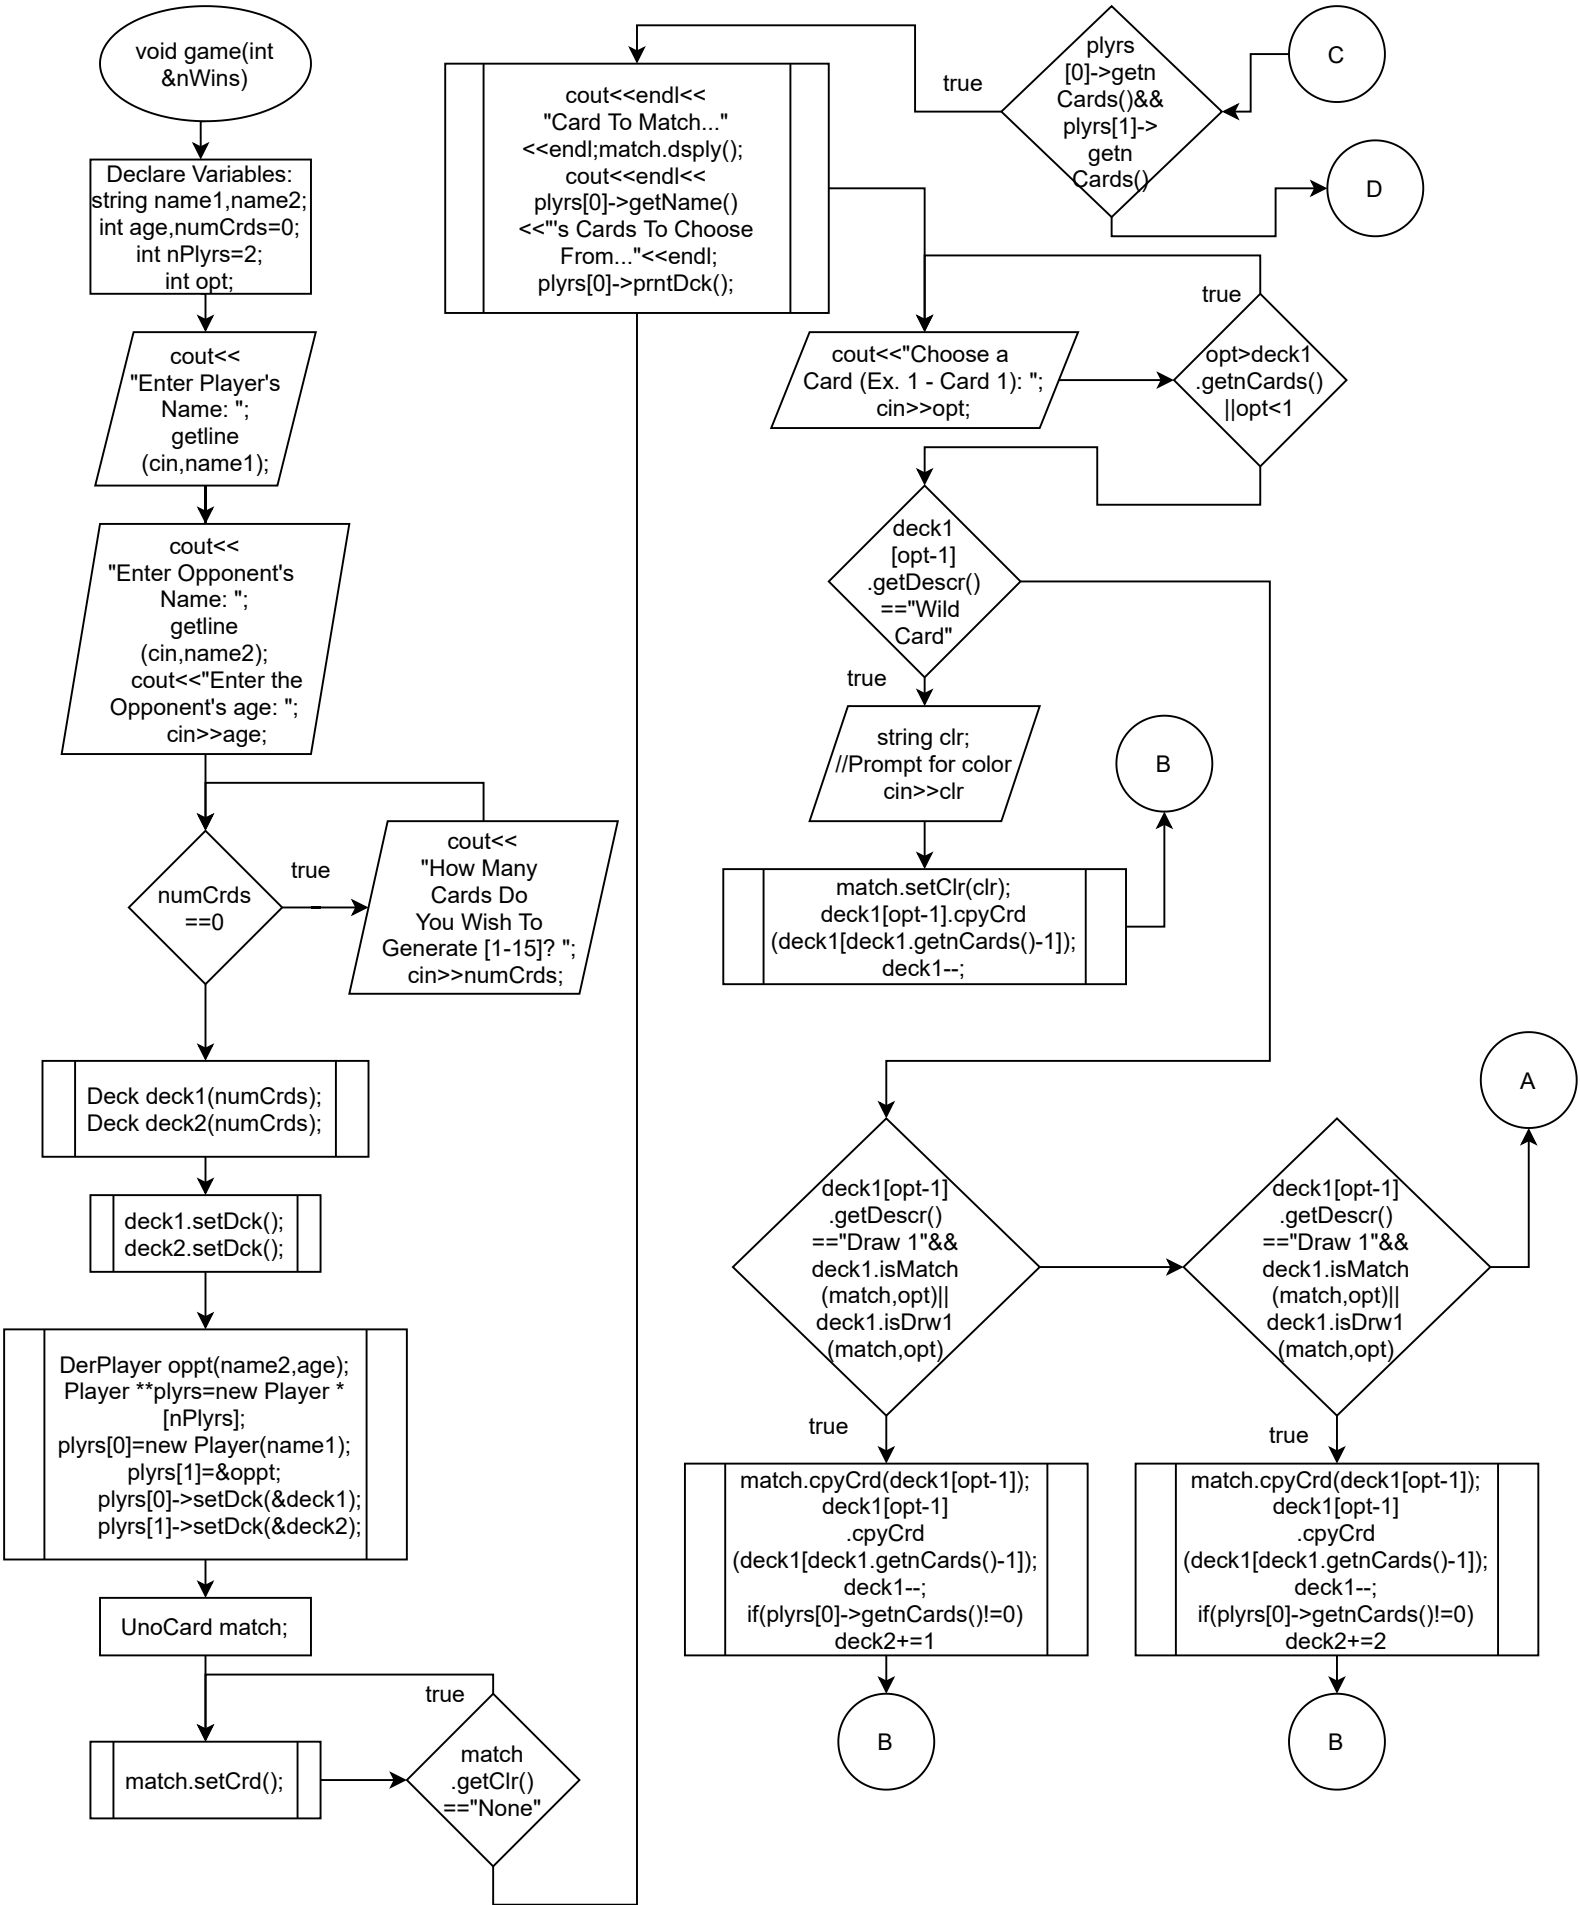

System Libraries:
iostream //I/O Library
cstdlib //For rand()
ctime //For time()
new //For bad_alloc

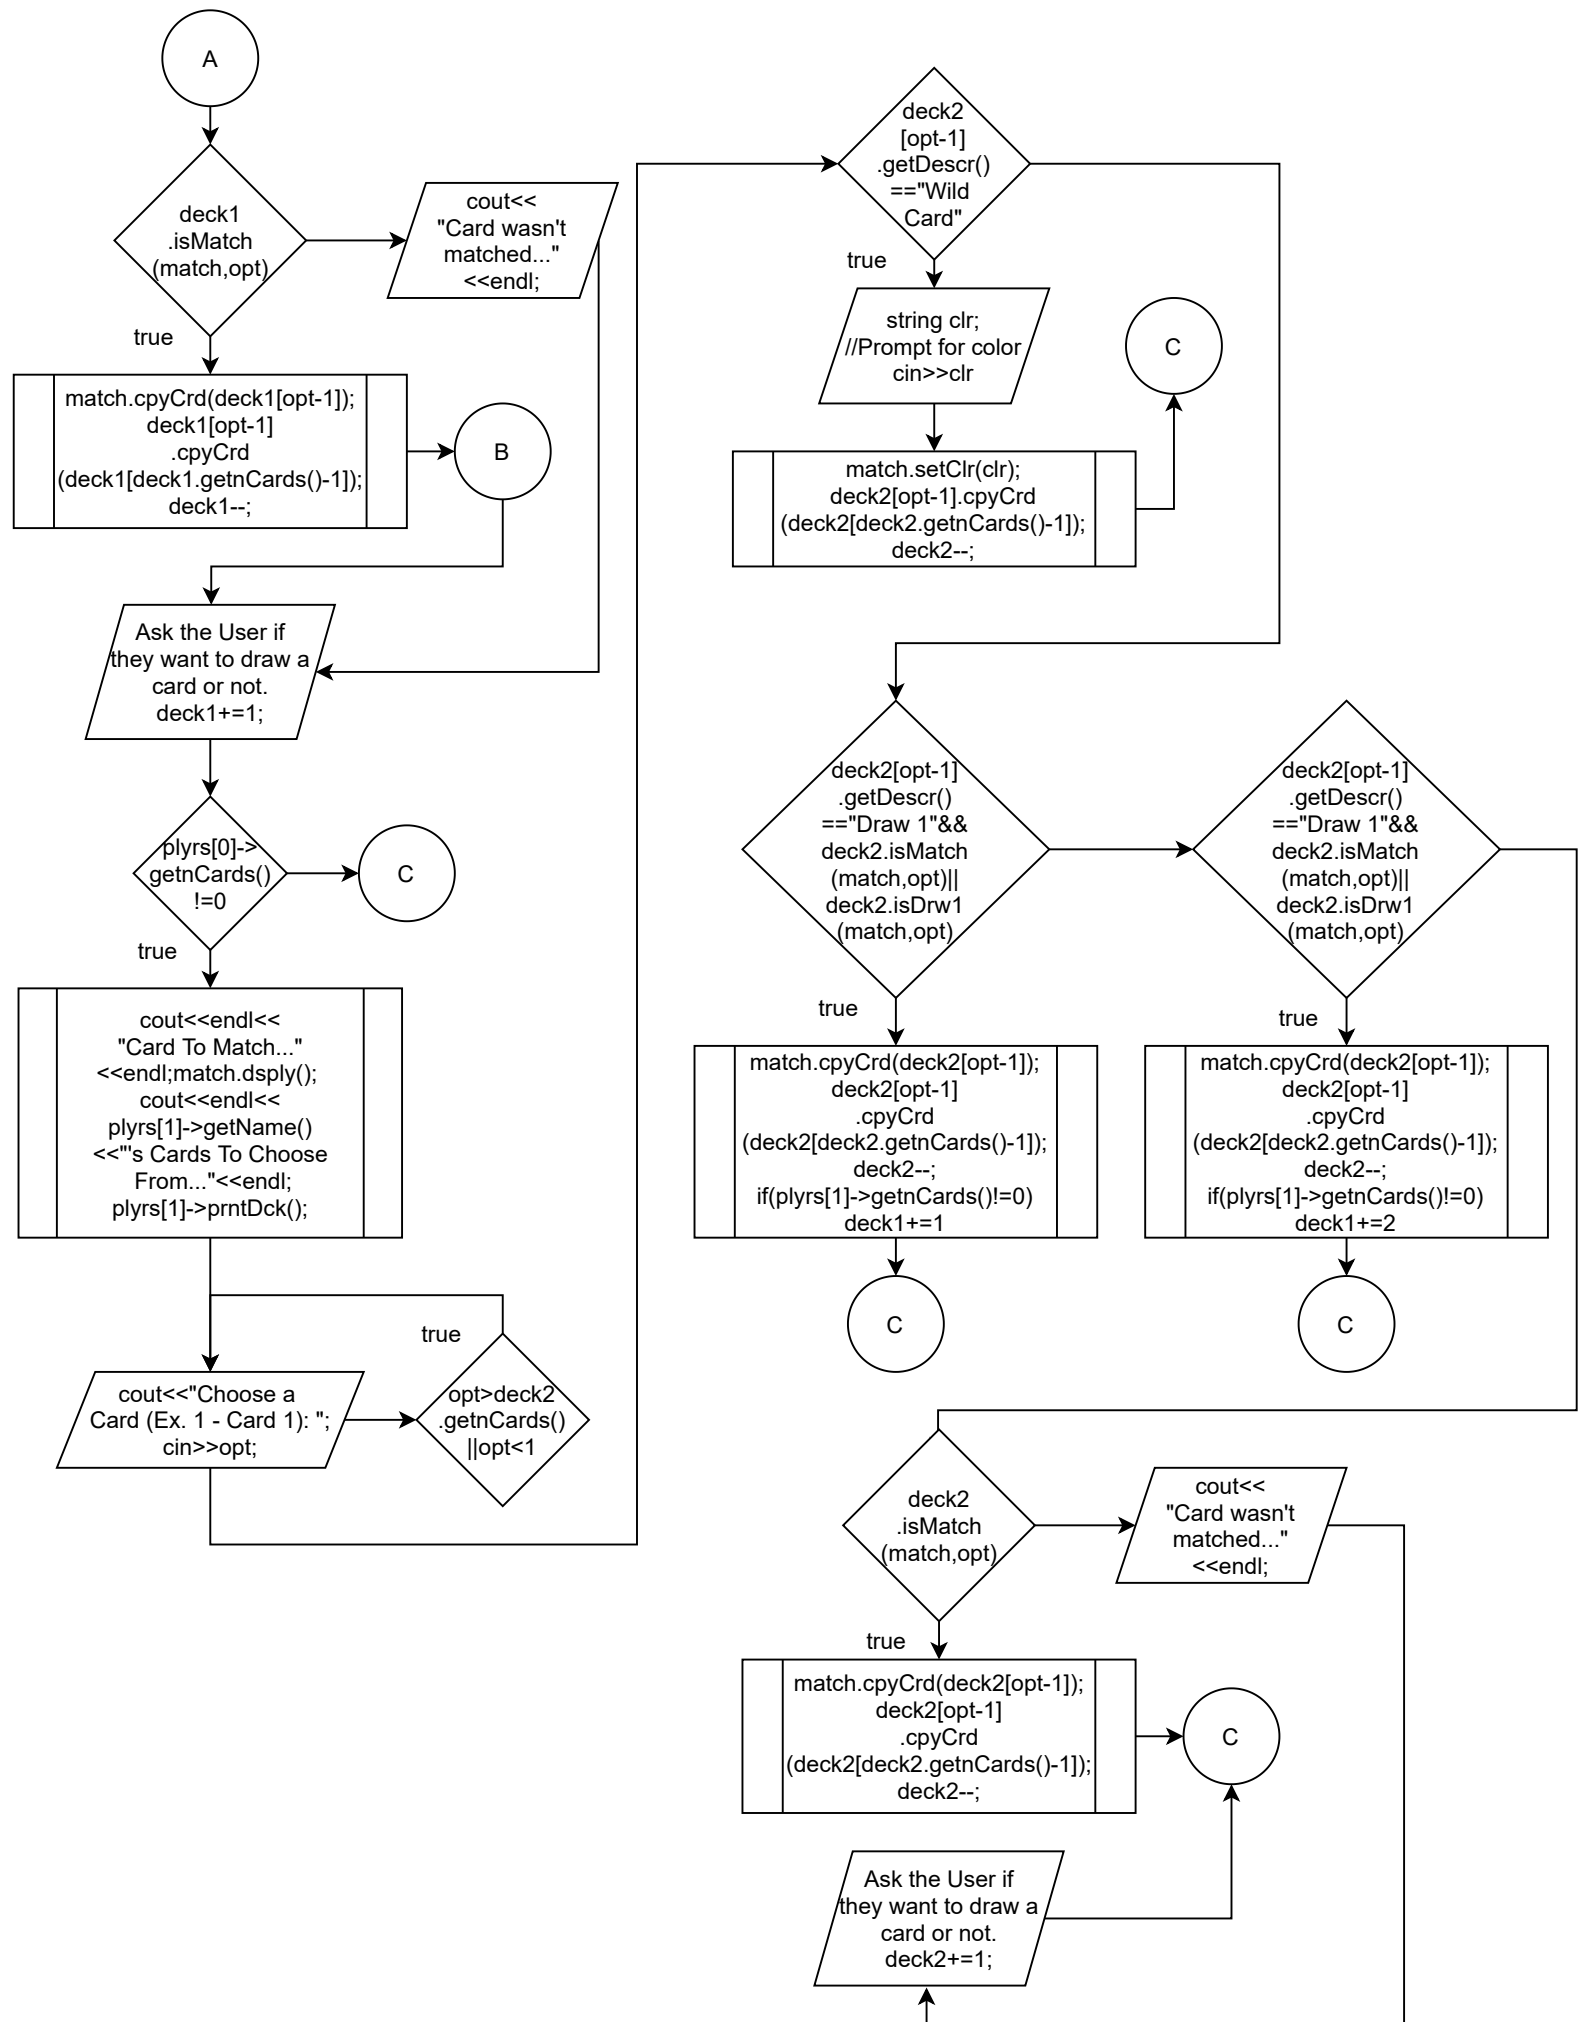

User Libraries:
"DerPlayer.h"

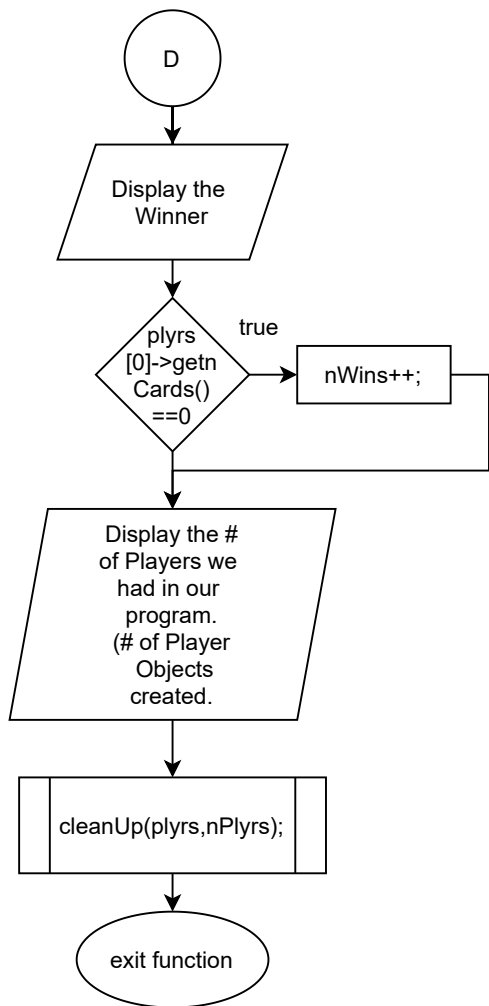

Global Constants:
None

Function Prototypes:
void cleanup(Player
**,int);
void menu();
void game(int &);

(These are member functions defined in Player.cpp and found in Player.h)

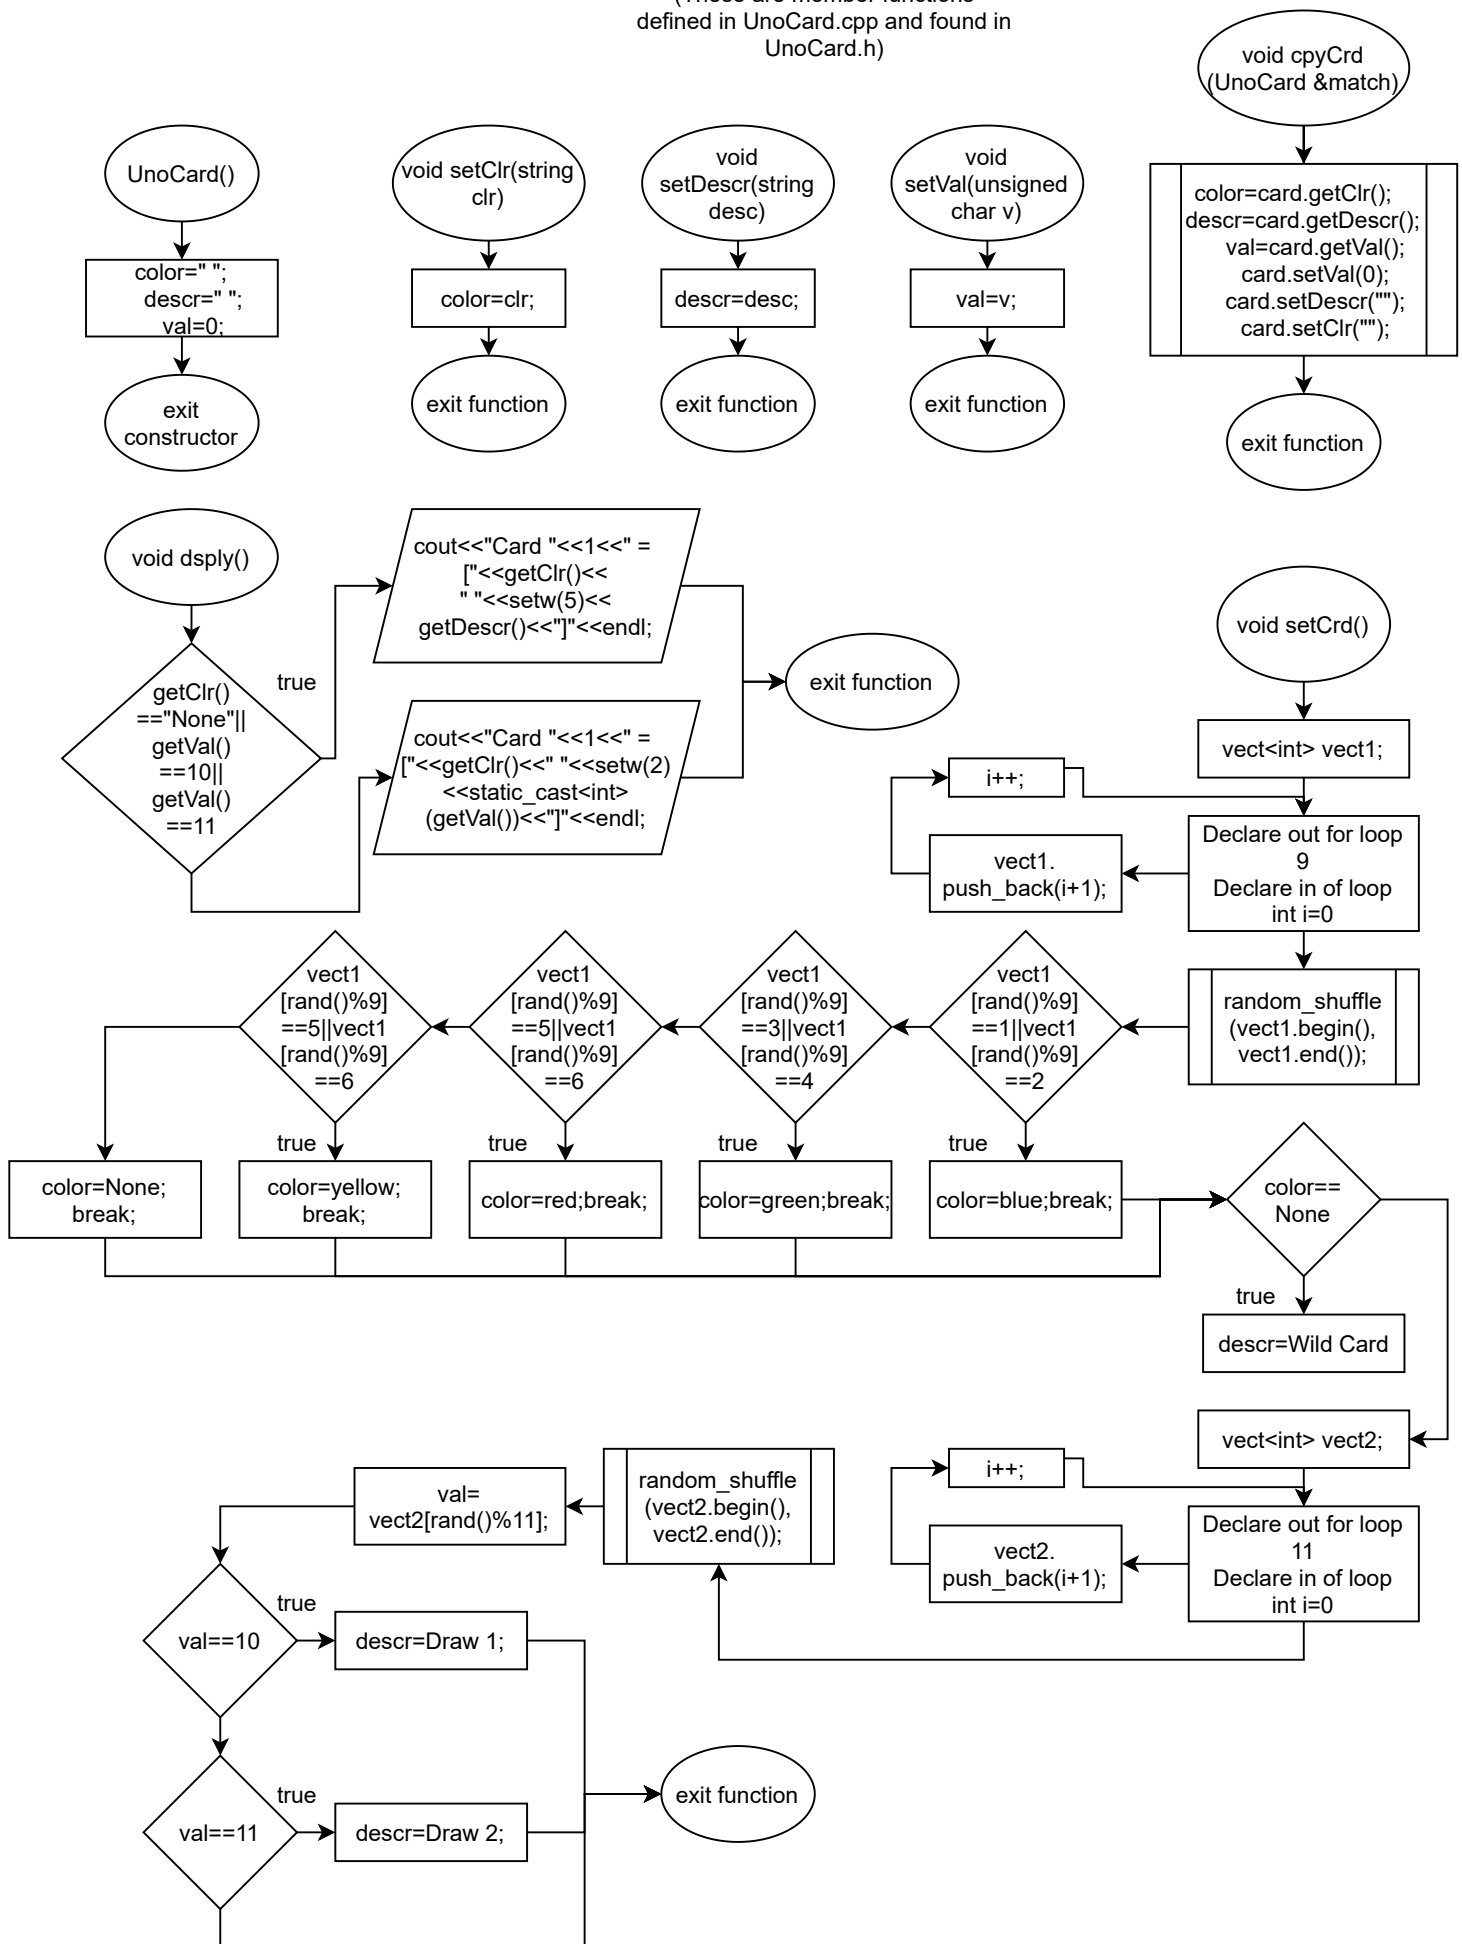

(These are member functions defined in DerPlayer.cpp and found in DerPlayer.h)

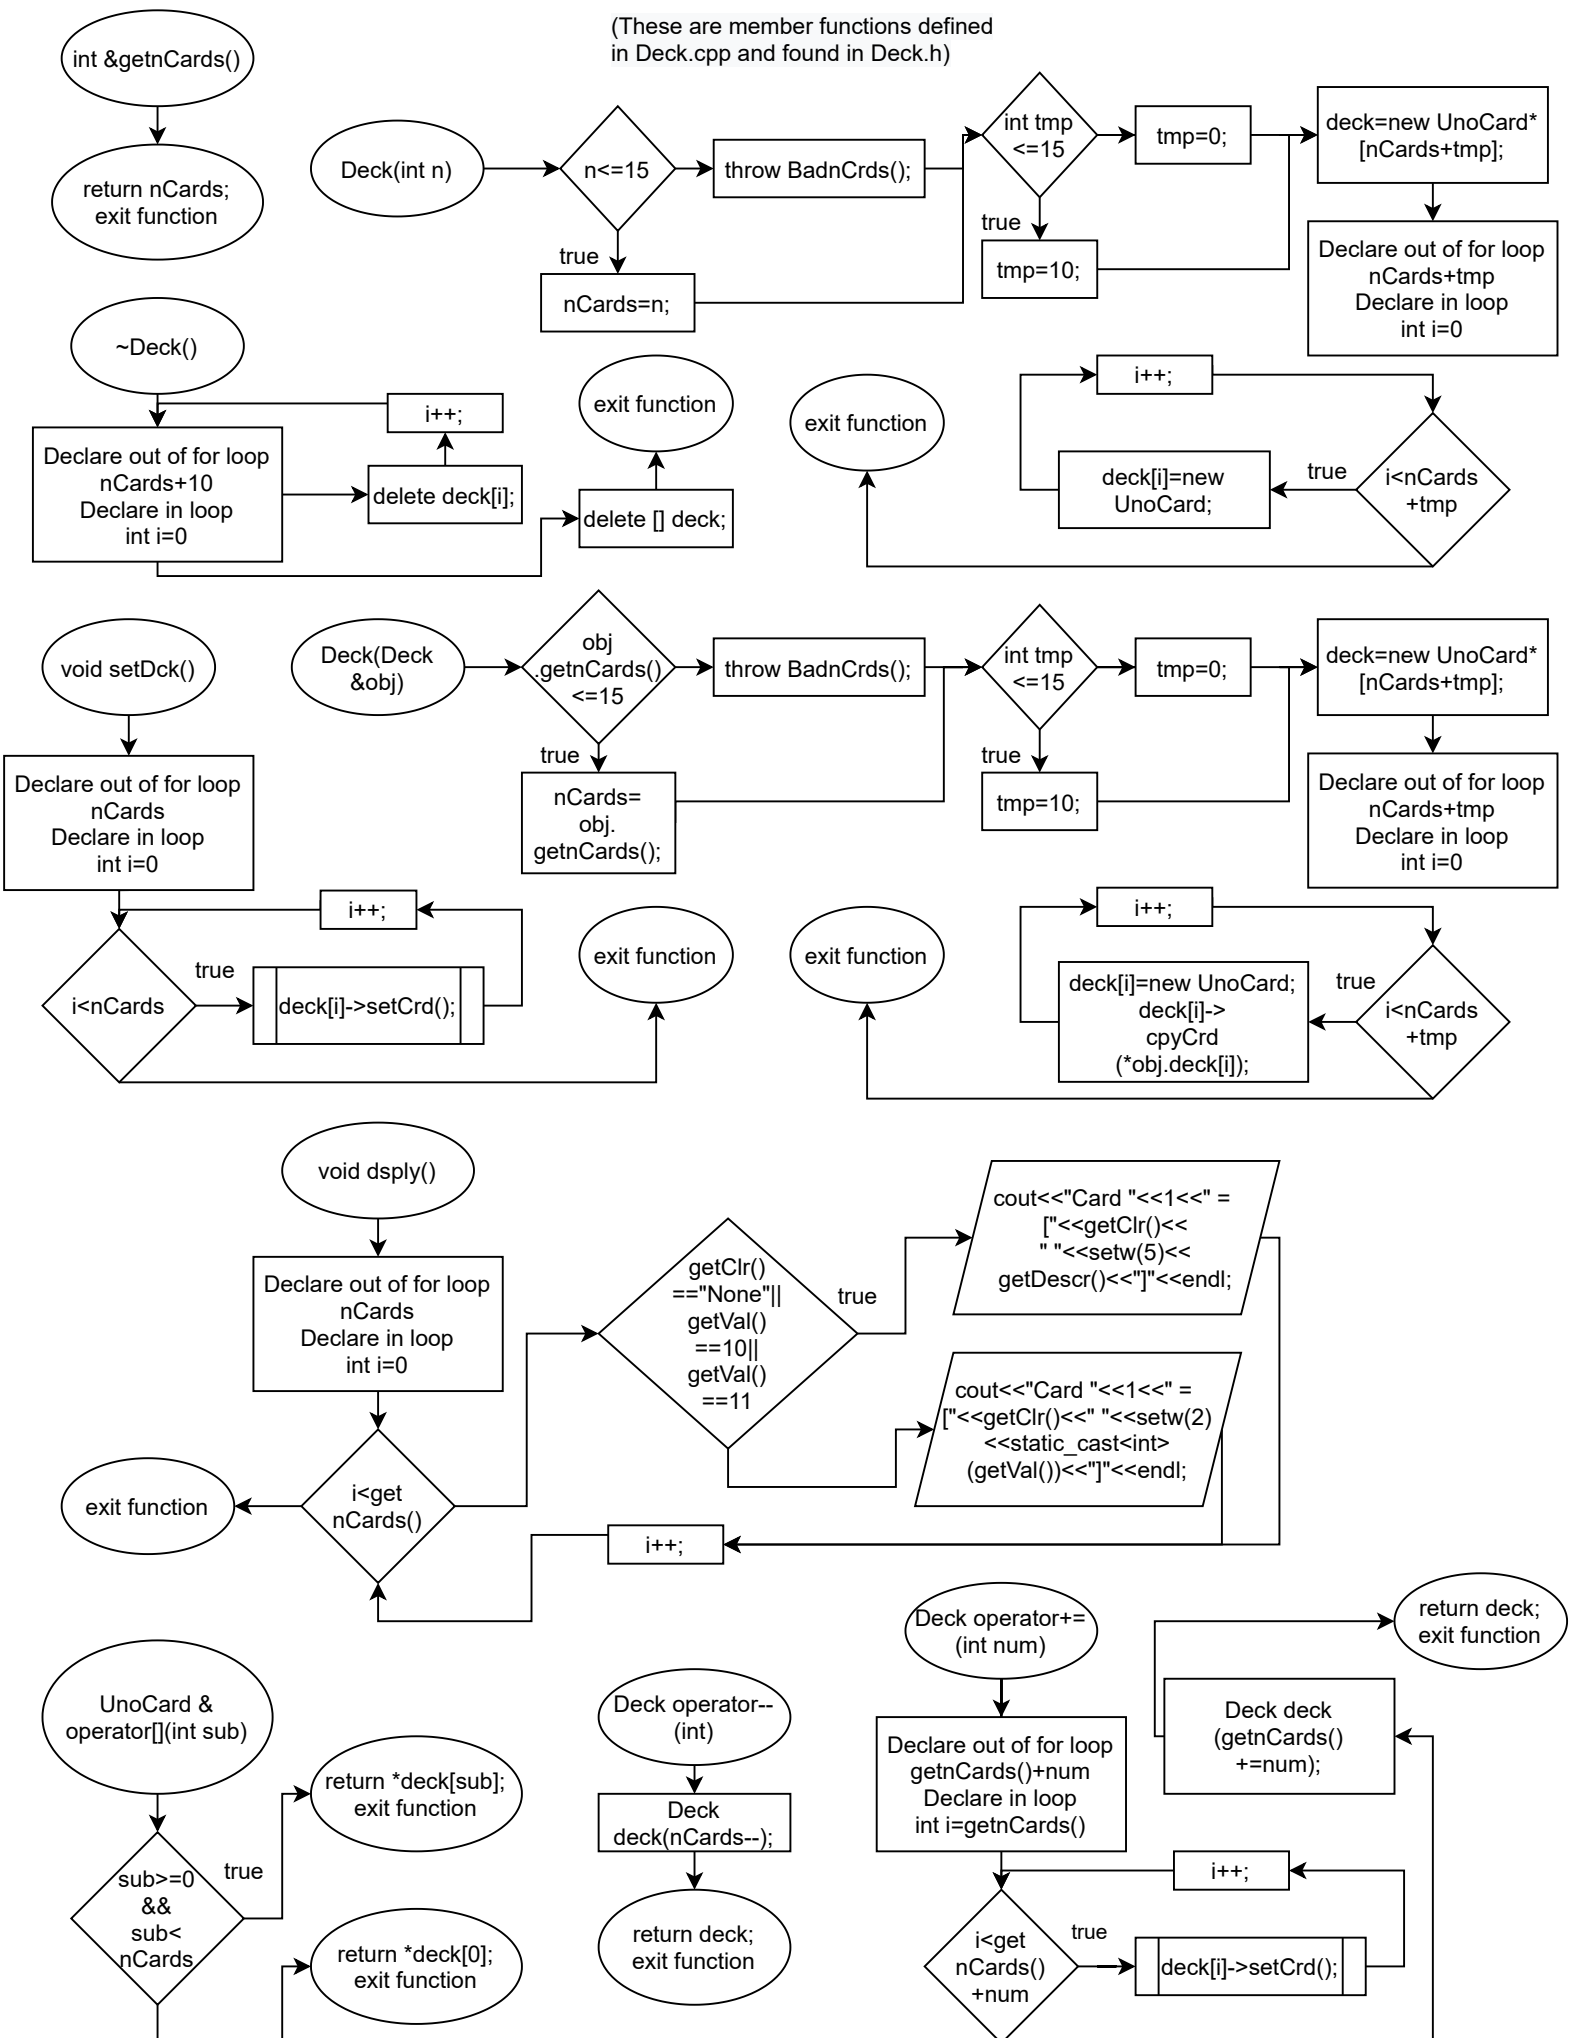

(Getter Functions in UnoCard.h)

(These are member functions defined in UnoCard.cpp and found in UnoCard.h)

(These are member functions defined in Deck.cpp and found in Deck.h)

(These are member functions
defined in Deck.cpp and found in
Deck.h)
